

Care instructions for synthetic resin laminate / Compact laminate

How to clean laminate surfaces?

Clean the laminate surfaces with a slightly damp cloth. Then rub the surface with a soft, dry cloth.

What detergents should be used?

Add a small amount of cleaning detergent to the water (Such as Prill, Ajax Glass Cleaner, Frosch Vinegar and Citrus Cleaner).

Caution: Do not use acidic, abrasive or scouring cleaning agents, sponges, polishers, detergents, furniture cleaners, bleach or steam cleaners.

How to remove stubborn stains?

Highly soiled surfaces can be cleaned with hot water. Particularly stubborn stains can be removed with a suitable solvent (such as, acetone) and a clean rag. Then clean and dry it, using clean water.
